

# THE TRUE BELIEVER

CHARACTER

## NAME

## BACKGROUND

*A devoted company-serf, eager for promotion.*

The transport ship *Charon* is just one of the many interstellar transport ships owned by the OBOL Corporation. Your parents worked for the OBOL Corporation; and should you have any children of your own, then gods-willing they'll work for the OBOL Corporation too.

After years of training to be an adjudicator on one of the orbital stations around Earth, you failed the entrance exam.

You're determined to show your parents, and the OBOL Corporation, that you've got what it takes to join the ranks of the adjudicators by working your way up through the ranks. You're not 100% sure what it is that adjudicators *do* – probably why you failed the exam, come to think of it – but you sure as beans know how to maintain a ship!
