

# THE GRAPHIC DESIGNER

CHARACTER

## NAME

## BACKGROUND

*A graphic design intern who really shouldn't be here.*

Earth is no great shakes any more, not since the war, but you managed to cling on to a steady graphic design internship in New Johannesburg - until recently. When your boss decided to renounce all material wealth and folded the company on a whim, you had to look elsewhere for work.

You must have filled out the wrong box on the form at the Orbital Jobcentre because your new posting is on a gods-damned box cruising slowly through a galactic backwater en route to who-knows-where. You were furious but too nervous to say anything, and now you're caretaking a load of boxes with people who - quite frankly - scare you.
